All food is cooked on the premises, from scratch, with love and passion by our trained chef.

Bristol HOME BITES is a small pizzeria that was inspired by our trips to the north of Italy. Having served good food and a warm atmosphere at CAFE RONAK (169 Gloucester Road) for over five years, we wanted to expand this love in a new Italian-inspired adventure and our dreams have come true. Bristol HOME BITES is now welcoming customers through its doors at 48 Bishopthorpe Road and accepting requests for takeaway, where we'll deliver freshly cooked food using the only wood fired oven in the neighborhood right to your door. Come along and treat yourself, your friends and your loved ones, to an authentic Margherita pizza, Risotto ai funghi or simply a tricolore caprese and experience a bite of homebite.

Please inform us about any allergies you may have.
